Probity

JOB DESCRIPTION

Clearance Level: TS/ full lifestyle poly   Location: Herndon

GENERAL STATEMENT OF DUTIES

Come join a dynamic and growing team here at Probity. This Tools Developer position will use a suite of new technologies to solve hard technical challenges, developing and maintaining an integration environment and enterprise web services. This individual will help shape technical solutions and help drive enterprise solutions as projects continue to evolve.

ESSENTIAL JOB SKILLS (Required)

- Experience with distributed, enterprise middleware development and ESB technologies – particularly open source (e.g., ServiceMix, Mule, etc.)
- Experience with interface development and/or ICDs
- Fluent in Java and/or Ruby (strong object oriented skills)
- Fluent in Java Messaging Services and enterprise messaging patterns
- Experience with Data and System integration

DESIRED JOB SKILLS

- Experience with RedHat(TM) JBoss Application Server, RedHat(TM) Enterprise Virtualization (RHEV) or RedHat(TM) Enterprise Linux Server
- Experience with web services technologies (SOAP and/or REST)
- Experience with Subversion, Ant and/or jUnit
- Experience with web-based development
- Experience with agile software development practices (such as unit testing, continuous integration, static analysis)
- Understanding of test driven development and/or behavior driven development
- Experience working with various types of relational database stores (e.g., MySQL, PostgresSQL, Oracle), noSQL databases (e.g., MongoDB, CouchDB, RavenDB, Redis), and GIS databases (e.g., PostGIS, Oracle with GIS extensions)
- Experience with Data/metadata extraction
- Experience with scripting Languages like Scala, Clojure, PHP, or Perl
- Experience with UI development (such as JQuery, JavaScript, CSS, etc)

POSITION REQUIREMENTS/PREFERENCES

Education	Required:
	Preferred: Bachelors degree from an accredited college or university with major coursework in Engineering, Information Systems, or other technical discipline.
Experience	Preferred: 16-21 years of specialized experience. Some education and skill training can be substituted for years of experience.
	Minimum: 6-10 years of experience.
